EDMONTON, ALBERTA, FRIDAY, JANUARY 12, 1906.

NUMBER 10

MILD WINTER IN PEACE RIVER DISTRICT

Grand Trunk Surveyors Who Returned Yesterday Are
Enthusiastic Over the Future of the Country

J. Featherstonehaugh, Grand Trunk Pacific surveyor, returned yesterday from the Peace River country, where he has been engaged during the past few months. The trip to the city was made in twenty-eight days, the party travelling by wagon from Grand Prairie. It is indicative of the mild weather which so far has prevailed in the north that the usual trip down the Peace River could not be made, the river being open in many places, and a route across country had to be taken to Lesser Slave Lake.

The party left Edmonton last spring for the country along the Upper Peace where they were engaged during the summer. Very satisfactory progress was made on the work.

Mr. Featherstonehaugh is a firm believer in the Peace River country and confides its future as a farming and ranching country assured. Last summer in that district was magnificent and reports from the settlements on the Lower Peace tell of splendid crops. No cold weather had been experienced up to the middle more plentiful than at Edmonton.

The influence of the chinook wind is much more noticeable in the Peace River country than in the Edmonton district, being indeed as strong as in southern Alberta. One consequence of this is that the snow which frequently disappears in the winter and the floods thus created break up the ice in the streams. This modifying influence of course adds immensely to the desirability of the district

from the standpoint of the stockman.

Mr. Featherstonehaugh's party are expected to reach the city tomorrow. They are accompanied by F. J. Lawrence of Vermilion. J. A. Cornwall is also expected in at an early date.

LOOKING FOR A CROSSING.
Reports from the north state that the Sprague party of surveyors out for the Grand Trunk Pacific is working along the mouth of the McLeod river where it flows into Athabasca, looking for the grade by which to get down off the high prairie into the river bottom so as to get across the McLeod without having to build a high level bridge. This news is important as it indicates the course which the G. T. P. will take after leaving this city and shows pretty clearly where the road will cross the Athabasca.

WILL TRY AGAIN.
New York, Jan. 11.—Sir Thomas Lipton is making plans for another campaign against the New York Yacht Club next year, the bone of contention being the America Cup, for which the Irish baronet has already tried three times.

NO OPPOSITION TO BANNERMAN.

London, Jan. 11.—There will be no opposition to the reelection of Premier Sir Henry Campbell-Bannerman, who represents the Stirling district, the Unionist committee having abandoned the contest.

MANITOBA HOUSE HAS OPENED

Speech From the Throne Outlines
Proposed Legislation

Winnipeg, Jan. 11.—To the accompaniment of booming guns the third session of the eleventh legislature of Manitoba was this afternoon inaugurated with brilliancy and pomp. Sir Daniel Hunter McMillan was escorted to the buildings by a guard of honor furnished by the Royal Canadian Mounted Rifles.

The speech from the throne, delivered by the Lieut.-Governor, was brief, but outlined some matters which are to come under the consideration of the members this session. Regret was expressed at the failure of the Federal Government to take action regarding the extension of Manitoba's boundary northward. Disappointment was also voiced at the manner in which the swamp lands had been administered.

It was also pointed out that a rearrangement of financial relations was needed between the Dominion Government and the province, as it was felt that Manitoba is not receiving proportionate benefit from the increase of her excise and customs dues. Legislation limiting the area in which liquor licenses may be granted in the city of Winnipeg, and an amendment to the elections act is foreshadowed.

FORESTRY CONVENTION.

Ottawa, Jan. 10.—The Canadian Forestry convention held here today was the largest on record. Sir Wilfrid Laurier presided and Earl Grey opened the convention with an address. Sir Wilfrid Laurier followed with a speech outlining the objects of the convention, and said that in all cases where timber lands had been alienated from the crown they should be repurchased. He touched upon re-forestation, the prevention of forest fires, tree planting in the west and other matters, with a view to protecting the forest wealth of the country.

R. L. Borden said he would support any legislation to protect the forests.

Hon. Frank Oliver, in the course of an admirable address, said that in the west forest creation rather than preservation was the great question. He spoke of the difficulties in preserving the forest domain particularly from the new settlers who needed lumber. He spoke from an essentially western viewpoint, and his remarks were applauded. Gifford Pinchot, who has charge of the United States forest service, gave a message from President Roosevelt wishing the convention success.

Several important papers followed and discussion upon them. In the evening the Minister of Agriculture delivered an address. The convention was a great success.

WILL VISIT EDMONTON IN FEBRUARY

District Engineer Van Arsdel of the Grand Trunk Pacific, received a wire yesterday from F. W. Morse, dated Winnipeg, in which he states that he will not be able to reach Edmonton until along in February some time. Mayor May was made aware of the contents of the wire and has written the general manager to arrange a date in Winnipeg.

ACETYLENE LAMP WRECKED STORE

Calgary Council Adopts Open Voting—Cushing Denies the Interview

Calgary, Jan. 11.—Hon. W. H. Cushing denies positively the statement attributed to him in an interview in Regina to the effect that he believed that the permanent capital of the new province would remain in Edmonton.

The explosion of an acetylene lamp in the store of A. W. Baker tonight practically wrecked the store, blowing out the entire side of the building. One man was in the store at the time, but was not injured seriously.

The city council decided tonight by a practically unanimous vote to have all votes for the appointment of officials or officers of the council made by open vote, instead of by ballot, as in the past. The council also extended the time of the natural gas company to begin boring operations for natural gas three months. The first time agreed upon was February 21.

The plumbers' strike, which began here three days ago was settled today. The men will get 45c. per hour, which was the main contention.

The tenth bank in the city was opened this morning. It was a branch of the Imperial Bank, which has been placed across the Elbow river, about two miles from the centre of the town. At present there are two branches of the Imperial, a branch of the Montreal, Molson's, Union, Commerce, British North America, Nova Scotia, Merchants and the Northern.

The school enrollment for the city will reach 1200 before the end of the month. At present the enrollment is 1150.

The boards of trade and councils from every part of Alberta are endorsing the campaign Calgary is putting up for the Dominion Fair in 1907. Already expressions of approval have come from Edmonton, Macleod and Cardston.

WILL HONOR BURNS' BIRTHDAY

There was a large turnout to the meeting of St. Andrew's Society in the council chamber last evening. Arrangements were completed for holding the annual banquet on January 25, Burns' anniversary. The banquet will be held in the Queen's hotel. Though the society secured the largest dining hall in the city the accommodation will be limited and tickets are available only to members of the society. The committee in charge of the function are: Messrs. J. A. McDougall, W. McKay, J. B. Macleod, G. H. Macleod, J. Lennan, H. M. Andrews, H. S. Young, Hon. C. W. Cross, and A. C. Fraser.

The banquet promises to be the most successful in the history of the society. Addresses will be delivered by the following gentlemen on the subjects indicated. Principal Rector of the high school, "Robbie Burns"; Duncan Marshall, "Scotland and the men who made it"; G. P. Smith, Cameron, "The Land we Live in"; Hon. A. C. Rutherford, "The Provincial Legislature."

The society has decided to seek incorporation, and with the present membership promises to become one of the strongest national societies in the North West.

PATRIOTISM NOT BORN OF HATRED

Sir Wilfrid Hopes for Better Understanding Between Britain and the United States

Ottawa, Jan. 11.—At the Canadian forestry banquet in the Russell House tonight, Sir Wilfrid Laurier in proposing "Our guests," said there is deep affection for the American Republic. "We love our country, but we love other countries. Canada is first in our hearts and Great Britain next, but in that same heart there is deep affection for the American Republic. Our relations at the present time were cordial. Sometimes there were little bickerings, but these occurred in the best of families. Whenever we have differences we take a leaf out of their book and do the best we can for our own country. Whether we win or lose, our friendship will not be affected. The relations will always improve not only between us and the United States, but between the United States and Britain. The race has been separated in the past, but in the course of time a union will take place, which will put these three nations at the head of human civilization."

Professor Pinchot, chief of the foresters' department in the United States, said that Sir Wilfrid had expressed a hope that was the proudest in his nature. The two races had been separated for a time but the gap would be bridged, and they would make the standard for righteousness, civilization and peace for all the world.

DEFAULTING BANK TELLER CAPTURED IN JAMAICA

Cashier of Crown Bank Toronto Eloped With His Sweet-Heart. Taking a Fortune From the Van't's

Toronto, Jan. 11.—A cable was received at police headquarters tonight from Kingston, Jamaica, from Detective Black, of the city force, stating that he had arrested E. S. Banwell, the defaulting teller of the Crown Bank of Toronto.

Banwell left the bank as usual on December 9. Next day when he did not turn up, it was found that he had taken a large amount of bank funds, and with Nora Hector, his fiancée, of Etobicoke, Ont., had fled the country. The amount of his speculation is still a mystery. The bank's statement to the press puts it at \$1,457 in gold, and \$20,000 in unsigned \$50 bills. Subsequently it was admitted that he got \$1700 in miscellaneous cash. The Pinkerton Agency circulates a report that the detailed amounts total, including unsigned notes, \$40,300. The Toronto police were told that it was \$22,670, but your correspondent has good reason to believe that the total approximated \$50,000 in cash.

When Manager O'Grady was spoken to tonight he refused to make a statement. On being told that the loss was estimated at \$50,000 he said "That is wrong." Bank gossip has placed it at \$60,000 and even up to \$100,000. Banwell is a young fellow, the son of a retired corymbian, and has borne a good reputation. The girl is a society favorite. From Toronto they were traced to

Buffalo where they were married, and then to New York City, where he was almost caught trying to exchange bills, and thence south. Detective Black left here on a hot tip that the bank teller was in New Orleans.

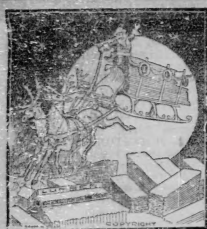

Sir Melville Parker, Bart., of Cooksville, Ont., was her uncle and the girl is otherwise well connected. The cable does not state whether the girl was in the company of her husband when he was arrested.

LAWSUIT OVER A TREATY.

Toronto, Jan. 11.—A fight between the Dominion of Canada and the Ontario Province is billed to commence in court on Jan. 31. It entails a dispute of over a million and a half dollars expended in regard to Indian Treaty No. 3. The trouble is over the treaty made by the Dominion with Indians north of the height of land north of Lake Superior up to Kenora, and for some distance eastward.

ELEVATED PULLMAN LEAVES TRACK.

St. Louis, Mo., Jan. 11.—Plunging from the terminal elevated tracks at Carr Street, the Pullman sleeping car, Harcourt, attached to the Wabash train, dropped sideways 15 feet to the granite paving of the levee, and seven passengers were injured, none of them seriously.

Our Sale and Want Column

Two lots near C. N. R. \$750 each; terms.

One lot near Alberta Hotel \$900; terms.

A Snap-New house, seven rooms, just finished, \$1500; terms. The lot is high and dry.

On Jasper avenue, several splendid twenty-five, thirty-three and fifty foot frontages, and close by. The prices are low and terms. Sure sellers in the spring at well advanced prices.

Special offer—25 feet frontage near Post Office on Jasper avenue, for \$10,000. Good terms. This will be picked up quick.

First street. Several good propositions at \$200 per foot frontage, terms.

War-house sites. Facing the C. N. R. 2 lots, 150 foot frontage on Mackenzie, for \$8500 up to \$10,000. Fourth street and also two lots 150 foot frontage on Mackenzie for \$5500 top Fifth street.

Wanted. Scrip for 240 acres, at once. Reasonable price paid and all in cash.

For cash only. We can sell you 26 lots on the Norris estate for \$1350 each. It is impossible to get anything to bear this proposition in Edmonton real estate market. Only fancy—\$50 per lot. Owner must have money by 21st December, hence the sacrifice.

Here is another good thing: Two high and dry lots across the C. N. R. track for \$750 each, and terms. Have you noticed the rise lately across the track? We have several single lots there at \$750, terms.

Special attention. Two lots close in, on the River. Lots for \$750, very easy terms. These are worth \$900.

Several lots on First, Second, Third and Fourth streets, West End, north of Jasper, from \$2000 up to \$4000 each. All good safe buying and sure of increase in value before many months.

Improved farms. There is sure to be a rise of values in the spring. We have several snags at present in Stony Plain, Clover Bar, and Sturgeon. What we cannot show you in good value will be hard indeed to find from \$10 to \$40 per acre and close in to Edmonton City.

Unimproved farms. We have several large tracts of country lying along the new railroad line from \$8 per acre and easy terms. The best of deep black loam and clay subsoil and partly clear of brush, plenty of good water.

TELEPHONE MATTERS.

The following communication from ex-Mayor Short to the Secretary of the Board of Trade was read at the Board meeting Tuesday, and paved the way for a lengthy discussion on the telephone situation:

Re Edmonton Telephone System.

F. T. Fisher, Esq.,

Secretary Board of Trade,

Edmonton, Alta.

Dear Sir,—Will you be good enough to bring the matter of telephone service before the next meeting of the Board? After all, this is a matter of vital importance primarily to the gentlemen who compose the Board of Trade, and it is their voice that should guide in the final settlement of the subject.

It is intended that the members of the Board of Trade, to a large number, accept the kind and very businesslike offer of the Canadian Northern Railway Company to give a free trip to Winnipeg during the next month or so. Why not have certain telephone people requested to appear before these gentlemen at Winnipeg and explain the telephone situation?

With the merits of the present manual system of operating telephones most of us are familiar; comparatively few of us have seen the automatic systems in operation. To most business men a demonstration of the advantages of an automatic system would be interesting and instructive. On an important occasion such as the proposed visit to, and in such a central place as, Winnipeg it is altogether likely that the telephone people would be glad to be present to demonstrate the advantages of their respective systems. If afterwards it is thought necessary a delegation of the Board might go to see one or more of these automatic systems in actual operation.

With regard to the local system, one thing needs to be said, and that is, with the exception of the poles and such portion of a metallic service as have been placed in position, it should, as a civic system, be superseded in every detail. The old wires and telephones should be taken away and made use of in outlying systems where the difficulty of induction is not met with. This would leave the situation clear for the introduction of a wholly new system. Whether this new system is to remain a manually operated system or an automatic, something that the members of the Board of Trade as a whole cannot have to much information upon, and no decision should be come to until those most vitally interested should have been fully made aware of the advantages offered by the advance in telephone construction.

The possibilities of the telephone system to the business interests of Edmonton are very great. The Board of Trade, comprehensive in its make up, should take a comprehensive view of the situation, and would be very likely to promote such a system as would materially assist business expansion.

It is said that the solution of the telephone situation is for the Government to own and operate the long distance lines and the Municipality to own and operate the civic systems. Inter-communication between these municipal and government systems would be readily granted. Already governments are considering the advisability of taking up the telephone situation in this way. Why not have our Board press this matter very strongly upon the local government?

Trusting that this matter may have the fullest consideration by Board of Trade, I am, sir,

Your obedient servant,

WM. SHORT.

WILL PRESERVE TIMBER.

Ottawa, Jan. 10.—Sir Wilfrid Laurier has decided to introduce legislation at the next session of Parliament to reserve all the timber lands under the control of the Dominion Government for a public domain, except what is required for settlement. In that case there will be certain restrictions as to the cutting, that the forest wealth of the Dominion only now owns the timber in Saskatchewan, Alberta, the unorganized territories, and the Yukon, and part of British Columbia.

MYSTERIOUS DEATH OF AN EDMONTON PAINTER.

North Yakima, Jan. 9.—Mystery surrounds the death of Louis Price, a painter from Edmonton, Alberta, who was found dead in a room at the Windsor Hotel in this city, last night, with a bullet-hole through the temple. It was at first believed by the authorities that Price had shot himself, using a 22-calibre rifle

for the purpose, but latter developments have given rise to a murder theory. According to statements given out at midnight last night by the police, Price may have met death at the hands of the husband of a certain woman for whom the dead man had evinced an affection. Price had been half crazed and demoralized as the result of a prolonged spree during the holidays. It was while in this condition that he went to his room in the Windsor Hotel. That was the last time he was seen alive.

NOTICE
On and after the 15th January the business formerly carried on by W. Johnstone Walker, will be taken over by W. Johnstone Walker and Co. All accounts owing to Mr. Walker must be paid to W. Johnstone Walker and Co. who will pay all accounts against the business.

W. JOHNSTONE WALKER & COY.

FRIDAY, JANUARY 12, 1906.

A TIMELY MEASURE

It is a fortunate thing for the future of Canada that so early in her career public men are fully alive to the value of the timber resources with which nature has clothed large areas of the Dominion. The rapid development of the more favored portions of the country has created a demand for the products of the forest which is certain to increase with years, while it is reasonable to suppose that the thickly-populated country to the south will some day exhaust its magnificent reserves and become a heavy importer of Canadian timber. The beginning of this condition may be seen already along the Pacific coast where American millmen are eagerly seeking to acquire limits north of the boundary line and where shingles are seen in Canadian mills for sale in the markets of the New England States.

To no section of Canada is the matter of greater consequence than to the west. While the splendid coal resources of Alberta will forever free this people of the west from the necessity of using wood for fuel, the needs of the millions who shall one day populate the thousand miles of fertile but treeless prairie will constitute an ever increasing home market for the product of the sawmill and the factory. In supplying this demand the forest resources of central and northern Alberta will create an industry the proportions of which are as yet little comprehended.

In order however that this increasing demand may become the creator of a permanent and profitable enterprise, and not the destroyer of the national forest wealth it is necessary that some broad and effective means be adopted for perpetuating the supply. Such action was suggested by Mr. Wilfrid Laurier in his address to the Forestry Convention on Wednesday and it is understood that legislation will be introduced at the forthcoming session to give effect to the proposal to reserve as the perpetual possession of the Crown all timber lands not already alienated. It is possible also that steps will be taken to restore to the public domain such lands as have been alienated and which are not specially adapted for agricultural operations. By setting only the timber and reserving the lands the Government would be in a position to adopt such plans for forest creation and preservation as would ensure a supply of timber sufficient for the needs of our people for all time and as would enable Canadians to build up a national enterprise in supplying the demands of the foreign market.

CURRENT COMMENT

The Regina Standard has "read of angels falling into the lower regions." Which proves that the Standard is susceptible neither to the influences of good literature nor to the stern moral of tragedy.

And the Regina Standard is tempted to accuse Hon. Walter Scott of firing the Minneapolis shot in the hope of making another warm time for Hon. F. W. G. Haultain.

The Toronto Telegram advises the students of Toronto University to study the career of Hon. F. W. G. Haultain—possibly in the hope of teaching them that the way of the dissembler is hard.

Premier Roblin announces that there will be no Provincial elections in Manitoba this year. Alberta and Saskatchewan turned out to be "bad actors" from the Premier's point of view and he is taking no chances of Manitoba following suit.

Regina medical men have formed a combine and have "declared against" "future entering into any contracts" "with friendly and benefit societies" "and lodges by which the members of such lodges shall receive medical attendance for a per capita fee paid by the society to the doctor under contract." It is up to the undertaker's now.

WINNIPEG MARKETS

Wheat—Manitoba wheat has been quiet and dull, and in our market shows an advance of about 1c to 1 1/4 cents over a week ago. Prices to day are 1 northern, 75-78c; 2 northern 73-74c; 3 northern 71c; spot of January delivery; and on the option market futures closed: January 75-78c; February 76-78c; May 80-81c. All prices are in store Fort William and Port Arthur. Oats—No. 1 oats, 52c; No. 2 oats, 51c per bushel in carlots on track Winnipeg. Barley—No. 3, 38c per bushel; No. 4, 36c per bushel, carlots on track here.

HOCKEY NOTES

Red Deer and Calgary will go up against each other in a game on Monday night.

In the opening game of the Eastern Canada Amateur Hockey Association played in Ottawa, the club holders won out against the fast Quebec aggregation by a score of 7 to 3.

The medical men of the city, undaunted by their defeat of Saturday afternoon last, have again challenged the lawyers to clash with them on the ice at the Thistle rink tomorrow, and the challenge has been accepted. The doctors, however, have protested against the legal men playing young students upon their team, and it has been decided that, only full-fledged lawyers will appear upon the ice. No charge will be made for spectators, on condition that they keep out of reach of the waving sticks and flying puck. The rubber will be faced off at four o'clock and the professionals will line up as follows:

Doctors	goal	Lawyers
Reid	Dubuc	Griesbach
Harrison	point	Harrison
Forquharson	C. point	Landry
Stapleford	rover	O'Connor
Jonsson	L. wing	Bolton
Getway	centre	R. Wing
Clendenen	R. wing	Newell

ALBERTA COLLEGE NOTES

At the meeting of the literary society tonight there will be a good debate, the subject being: "Resolved that the influence of the preacher is greater than the influence of the teacher." The college girls held a meeting at noon yesterday for the purpose of organizing a girl's hockey club. There was a good attendance and the young ladies were very enthusiastic. Miss Dorothy Heustis was elected captain. A splendid practice was held last night on the college rink. The captain will pick her team with-in a day or two.

The college hockey boys appeared at practice in their new uniforms and caps, which look very handsome. The colors are orange and purple.

Following is the program of mid-week meetings for the first quarter of 1906. The meetings are held in the assembly room each Wednesday evening from 6.45 to 7.30. A. J. Law is president of the meetings and Miss Edna Markle is secretary. Addresses are given on various subjects, and the meetings are very beneficial to the students. Rev. H. A. Gray, January 17; Mrs. Bellamy, January 24; Rev. C. H. Huestis, January 31; Miss B. H. Nichols, February 7; Dr. Jamieson, February 14; Hon. G. H. V. Bulvea, February 21; F. S. Green, Esq., February 28; Rev. J. Coulter, March 7; A. T. Cushing, Esq., March 14; Principal Riddell, March 21.

ANOTHER PREFECT GONE.
Irkutsk, Siberia, Jan. 11.—The prefect of police, M. M. Dragomiroff, has been assassinated. The murderer escaped.

THE POPULAR VOTE

(Regina Leader)
The claim of the Moose Jaw Wabblers party (which refused to convene last August to elect a leader, but which was forced by circumstances to meekly follow and obey ex-Premier Haultain) that they polled a popular majority in Saskatchewan is not sustained. They had eight seats all told with an aggregate majority of 1168 votes. Three Liberal constituents—Saulteaux, Haultain and Haultain—gave an aggregate majority of 1,600 votes, or 134 more than the Wabblers' total in their eight districts.

Dear Mother

Your little ones are a constant care in Fall and Winter weather. They will catch cold. Do you know about Shiloh's Consumption Cure, the Lung Tonic, and what it has done for so many? It is said to be the only reliable remedy for all diseases of the air passages in children. It is absolutely harmless and pleasant to take. Its guaranteed to cure or your money is returned. The price is 25c per bottle, and all dealers in medicine sell.

SHILOH

This remedy should be in every household.

HOMESTEAD ENTRIES INCREASED.

Ottawa, Jan. 10.—The homestead entries for the month of December show an increase of 423 over Dec., 1904. The increases are at Regina, Battleford, Edmonton, Red Deer, and Alameda. There were decreases at Prince Albert and Lethbridge. W. T. Preston sails for England on Saturday. He expects that the immigration returns for the present year will exceed 1905. At any rate there will be no cessation in the vigorous immigration campaign which is now being conducted in Britain.

ANNOUNCEMENT

We respectfully beg to announce to the public that we shall open up-to-date architectural offices for the practice of our profession, in the city of Edmonton, Alta., on or about January 15th, 1906, and respectfully solicit a share of the public patronage upon the merits of our reputation to give our clients the best in our line of profession, which is our ambition and endeavor to maintain and extend.

We may state that we will fully cover the Western Provinces of Saskatchewan, Alberta and British Columbia, as we have offices at Regina and Calgary now, and with our office in Edmonton we shall rank with the largest offices in Canada.

We employ a staff of competent and skilled assistants, who are fully up-to-date in all lines of our business. Parties who wish to correspond with us until such times as we open up in Edmonton are requested to address all letters to P. O. Box 275, Calgary, Alta.

Yours respectfully,

W. M. DODD,
E. C. HOPKINS,
Assoc. Architects.
Calgary and Regina,
to Jan. 15 '06

LOST

Will the person who picked up a bundle of papers on the C. N. R. bridge, city, on January 11th, please return to Bulletin office and be rewarded.

FOR SALE

Tamarac posts and cordwood for sale at lowest prices. G. Morris, Naimao P.O.

CRAFTS & LEE

Land and Business Exchange,
Edmonton, Alberta, Canada

TOWNSHIP 48.

All 31-48-14. This section is nearly all open land, soil of black loam, clay subsoil, the G. T. P. survey runs within half a mile, \$9.00 per acre.

TOWNSHIP 49.

All of 19-49-13. Surface slightly rolling, nearly all open land. Since the rise in C. P. R. land this is exceptionally good value at \$8.00 per acre.

N. 1/2 35-49-19. About half of this land is open, balance has some small brush; very rich black soil, ten acres of meadow on the north-east corner, \$9.00 per acre, \$12.00 cash, balance equal annual payments.

All of 27-49-18. Some brush and small poplar groves, surface nearly level sloping slightly to a draw on each side, soil deep black loam covered with a heavy growth of grass. This would make a splendid farm, can sell separately east or west half, \$9.00 per acre, easy terms.

TOWNSHIP 50.

E. 1/2 36-50-24. Surface slightly rolling. Some brush. Log house and two miles of wire fencing, \$7.00 per acre, easy terms.

Frac. 33-50-18, 545 acres. This beautiful section fronts on the south end of Beaver Lake. The G. T. P. survey runs within two miles of this land. Surface nearly level, soil deep black loam, with clay subsoil. Some small brush but nearly all clear. This is one of the finest sections of wild land for sale in Alberta, \$11.00 per acre, \$2,400 cash, balance equal annual payments.

TOWNSHIP 51.

S. 1/2 12-51-13, 320 acres, good soil, \$2.00, half cash, balance easy terms.

N. E. 1/4 15-51-25. This is a good quarter section for any party wanting an improved farm. 82 acres under cultivation, small log house and stable. The quarter all fenced with rails. Three miles from C. P. R. station, half a mile from school, 3/4 of a mile from church. The soil is good, being a deep black loam, clay subsoil, \$2.50 with cash payment of \$950, and \$100 a year until paid.

W. 1/2 15-51-15. This is a beautiful half section, surface slightly rolling, some brush and poplar groves, about 70 acres under cultivation, soil very rich deep black loam, clay subsoil, \$9.00 per acre, one third cash, balance one and two years.

TOWNSHIP 52.

W. 1/2 16-52-13. Mostly level, soil deep black loam, clay subsoil, nearly all open land, 15 acres broken this year. This is a choice piece of land well located one and a half miles from C. & R. station, \$9.00 per acre, half cash.

E. 1/2 and N. 1/2 W. 1/4 32-52-13, 480 acres, 158 acres, joining the Saskatchewan River. This is an improved farm one and a half miles from Edmonton. 75 acres broken; frame house of six rooms, good stable and granary, with plenty of coal in the river bank. This farm will some day divide up for market gardens. Offered today at \$100.00 per acre, \$10.00 cash, balance on a mortgage at 8 per cent.

TOWNSHIP 53.

Frac. S. 1/2 28-53-23, 198 acres, surface slightly rolling, soil black loam, 4 to 9 feet deep, with clay subsoil, 100 acres cultivated. Log house 18x28, 1 1/2 stories high, small log barn. For a man wanting an improved farm this is one of the finest that is offered, \$30 per acre, \$4,000 cash, balance 1 and 2 years.

N. W. 1/4 18-53-21. Surface slightly rolling, soil a deep black loam with a clay subsoil, good value \$12.00 an acre, half cash, balance 6 and 12 months.

E. 1/2 28-53-22, an improved farm 7 miles from Fort Saskatchewan, surface slopes slightly to the creek, running across the half section, soil deep black, clay subsoil, 80 acres under cultivation, all fenced with wire, tamarac posts, one mile from school, telephone and church. This is a good buy, \$19.50 per acre, \$2500 cash, balance to suit purchaser.

N. W. 1/4 18-53-21. Surface slightly rolling, soil a deep black loam with a clay subsoil, good value \$12.00 an acre, half cash, balance 6 and 12 months.

E. 1/2 28-53-22, an improved farm 7 miles from Fort Saskatchewan, surface slopes slightly to the creek, running across the half section, soil deep black, clay subsoil, 80 acres under cultivation, all fenced with wire, tamarac posts, one mile from school, telephone and church. This is a good buy, \$19.50 per acre, \$2500 cash, balance to suit purchaser.

All of 8-53-15. Surface slightly rolling, soil black loam, clay subsoil, a creek runs across the east half of this section, water the year round; this is a fine section, and well located, one half miles from railroad siding; \$8.00 per acre, \$250 cash, balance annual payments.

W. 1/2 9-53-15. Slightly rolling, and nearly all open land, one and a half miles from C. & N. R. siding; \$8.00 per acre, \$1500 cash, balance mortgage four years with option of paying at any time.

S. E. 1/4 12-53-19. Surface slightly rolling, soil black loam, clay subsoil, 75 acres under cultivation, log house 16x24, two stories, kitchen, 12x18, barn and stables, two

good wells of water, and a creek running across one corner. This is a good property for a man wanting an improved farm. Would sell sheep, cattle and horses with the farm. This farm without stock \$3600, half cash, balance two equal annual payments.

TOWNSHIP 54.

B. 1/2 21-54-16. This half section was picked out some years ago. The soil and location is the best. \$9 per acre, easy terms.

W. 1/2 3-54-26. Almost level, soil of black loam with very little brush, could all be cultivated, but about twenty acres of meadow in one corner. Half a mile from R. post office and store. This is a splendid farm and is offered cheap at \$11.00 an acre, \$1000 cash, balance easy terms.

S. 1/2 31-54-15. Good half section near store and school, \$8.00 per acre, \$800 cash, balance easy terms.

TOWNSHIP 55.

W. 1/2 7-55-25. Surface slightly rolling, soil of black loam, with a clay subsoil. This is an extra good half section for grain and stock, \$10.00 an acre, half cash, balance yearly payments.

S. 1-2 and N.W. 1/4 17-55-25. 480 acres, all fenced with wire and rails, 220 acres under cultivation, four miles from Morinville, a town on the C. N. R., \$12.00 per acre.

N. E. 1-4 34-55-22, and S. 1/2 and N.W. 1-4 35-55-22, 240 acres all fenced with wire, six miles from Fort Saskatchewan, half a mile from school, \$9.00 per acre, easy terms.

TOWNSHIP 56.

N. W. 1-4 8-56-22. Surface slightly rolling, soil black loam, clay subsoil, 70 acres under cultivation and fenced, about 50 acres of timber. This whole quarter can be cultivated with very little work, has frame house 16x20 one story and a half high, \$15.50 per acre, \$1500 cash, balance, mortgage for two years.

N. E. 1-4 6-56-23. This is a fine improved farm, surface slightly rolling, black loam soil, and clay subsoil. Log house 24x20 storey and a half; frame 20x30 hewed log, all fenced with wire, in a good locality. This farm is being offered for \$2000, and is one of the best buys today.

S. E. 1-4 6-56-23. Locality good, surface slightly rolling, soil a deep black loam, clay subsoil, two miles from school, post office and store, \$7.50 per acre, \$240 cash, balance 4x equal annual payments at 7 per cent interest.

IMMIGRATION

ASSOCIATION

Secretary Talks on Some of the Work Done in Past Year

Theo. M. Kappan, secretary of the Western Canadian Immigration Association, visited the city Wednesday in order to interest the members of the Alberta Government in the work of that institution and to canvass them for a grant for carrying on the work during the next two years. Incidentally he talked to members of the board as to having representation at the meeting of the executive committee of the association in Winnipeg on Monday next.

The Western Canadian Immigration association has now been working several years and has done a lot of work in the way of advertising Western Canada. During that time it has spent \$40,000, which was raised from municipalities, boards of trade and from merchants, land companies, and others benefitting by the filling up of the western provinces with settlers. The Association proposes to do nothing but advertise the country, and its system of advertising is to bring newspaper men to the west from all parts of the continent, show them the country and give them a chance, while travelling comfortably, to gather the basis of many articles for their readers. Last year two trips were arranged into this country. The first one was the Washington correspondents. Mr. Kappan claims that the twenty correspondents whom he brought into the west on an excursion published altogether 300 articles in eighty different papers, the total of which would have amounted to a volume of 500,000 words. Had the space been paid for at the regular newspaper rates it would have cost \$55,000, but the cost of the excursion was only \$5,000.

In October of last year the Association brought Frank G. Carpenter into the west and gave him a chance to see at first hand the things that he wanted to write about. Carpenter represents a syndicate of thirty papers. The expense of getting Carpenter into the country was practically nil.

The Association is asking the provincial government to put up \$2,500 toward its expenses for the next two years, and will ask the same from Saskatchewan.

ALBERTA MINISTER INTERVIEWED

Winnipeg Free Press: Hon. W. H. Cushing, minister of public works for Alberta, arrived in the city last night from Ontario, where he had been visiting his mother. Mr. Cushing visited Toronto, Montreal, and Ottawa. While not being actively engaged in departmental work during the trip, he made incidental investigations that may prove useful and had an informal interview with Sir Wilfrid Laurier. He also had an interview with Hon. Frank Oliver, minister of the interior.

Speaking to a Free Press reporter last night, Mr. Cushing said that the first session of the Alberta legislature would be called together about March 1. There would be a vast amount of legislation to be effected, he said, and he did not think that it could all be accomplished in one session. A question which would have to be debated and decided was the selection of a permanent capital site. Mr. Cushing declined to give any opinion as to the outcome of the vote on this matter.

In regard to his department, Mr. Cushing said that he realized that there was a great deal of work ahead. After the selection of a permanent capital the erection of legislative buildings and a government house would become necessary. These buildings would be on a scale in keeping with the future of the province. They would cost a great deal, but there was a grant from the Dominion to assist in this work amounting to \$95,000 a year for a period of five years. Besides these buildings there was to be a normal school at Calgary and a registry building. The former of these if built so as to afford equipment and accommodation for taking up the latest pedagogical work would cost a large sum. The decision in this regard would be made by the education department.

Besides the erection of public buildings, the minister of public works pointed out that Alberta would require a large expenditure in connection with bridges and ditches. The province's population at present was small in comparison with her area and the work of bridging and ditching was essential to the development of the province.

Mr. Cushing said that the Hon. Sydney Fisher, Minister of Agriculture for the Dominion, had informed him last Thursday, that the government creameries of Alberta would be handed over to the control of the legislature. This was an industry which was very beneficial and also very successful and would have to be extended, it was likely that new

creameries would be established at advantageous points.

"There is a lot of work ahead for all the departments," said Mr. Cushing. "The education department has already received applications for fifty new schools. Everything points to rapid development and growing needs throughout the province. The government has an opportunity to institute and conduct legislation on a business basis and calculated to serve the best interests of the province as a whole. This I believe will be done."

The Liberals of Alberta, according to Mr. Cushing, are not in a state of consternation over the hundred per cent increase in the voting strength of the Conservatives in the House. "An opposition of two would be a little more interesting than an opposition of one. Mr. Cushing was of the opinion that Robertson of High River, would be the leader of the Opposition.

Mr. Cushing is a thorough man of affairs, and stands high in the business and municipal circles of his home city, Calgary. He goes right to the point in his reasoning and in his public addresses or in his conversation. The minister of public works realizes the arduous work that is ahead of him in a new province, and he has conscientiously set himself to the task. His knowledge of the province, his keen insight and practical common sense and above all his unassailable character and high ideals stamp him as the right man in the right place. Alberta is to be congratulated on having as her first minister, the Hon. W. H. Cushing.

GRAIN EXCHANGE MEET

Winnipeg, Man., Jan. 11.—The annual meeting of the Winnipeg Grain Exchange was held yesterday afternoon. Following the usual custom the matters of chief importance submitted were the address of the retiring president, Love, and the election of officers. In addition the question of a new exchange building was discussed and the proposition to establish a terminal elevator grain clearing house. As was expected the honor of being president for the coming year of the leading grain exchange of the Dominion fell to Capel Tiet, local manager of James Carruthers & Co.

DOUMA MAY MEET IN APRIL

St. Petersburg, Jan. 11.—A long official communication issued this morning explains that the carrying out of numerous formalities will prevent the meeting of the Douma before the end of April. It is added that the meeting may be further postponed in the event of a renewal of disturbances.

No roughened, chapped hands if Life Buoy Soap is used. It's as healing as it is cleansing.

TENDERS

will be received by the undersigned for the purchase of three quarter sections in the famous Sturgeon Valley. All reports from Europe show an increased flow of settlers for Northern Alberta and now is the time to pick up some choice investments before the tide reaches here. The following quarters will be sold so as to close up client's business.

- (1) S. W. 1/4 28-55-22 W. 4th, only four miles from Fort Saskatchewan; Sturgeon River crosses corner; log house; stable, thirty acres broken; mortgage, \$450.
- (2) S. E. 1/4 16-56-22 W. 4, eight miles from Fort, log house, thirty acres broken; some timber; mortgage, \$400.
- (3) S. E. 1/4 9-56-22 W. 4th, eight miles from Fort, good quarter, thirty acres broken, walls of log house up.

No. 1 will be sold cash payment, balance mortgage \$450.
No. 2 will be sold cash payment, balance mortgage \$400.
No. 3 will be sold cash payment, balance C. P. R. terms for eight years.

These properties are all cheap and do not require a large investment, are improved and will be sold at prices under present railway figures, so do not delay, but forward a tender to reach the undersigned before the 17th January.

Parties can tender on one quarter or three.

H. E. DANIEL,
Fort Saskatchewan.

Solid Gold Cuff Links — \$5.50 —

Strength, quite as much as tasteful design, is required of one's cuff links. Those from Diamond Hall possess both qualities.

In solid gold, the prices run from \$4 to \$60. One of the most noteworthy pairs sells for \$5.50. These are of a dumb bell pattern that permits the engraving of monogram—for which no extra charge is made.

Diamond Hall's full catalogue is gladly sent on request.

EDMONTON WINS LAST NIGHT

In the second Peterson cup game,
played in the Thistle rink here last
night, the Edmonton Thistles were
victors over the Strathcona by a
score of 6 to 2.

The rink was packed with crowds of
enthusiastic spectators. With large
expectations of seeing something in the
shape of good fast hockey, Edmonton
citizens thronged to the rink, handed
out their money, and rushed for
seats. And when shortly after eight,
rigs and all manner of conveyances
began to arrive from across the
river, there was a fresh influx of hu-
manity, until the seats were filled, the
sidewalk crowded, and every possible
vantage point secured. At times
during the game the excitement was
high, the small boys in the rafters led
the way and the building resounded
with the cheers of the crowd.

The game was all that could be ex-
pected. Although very rough at times,
the play did not lag for an instant,
and both teams were kept busy. Ed-
monton turned the tables, however.
With the line-up which had only one
night's practice together, the Thistles
defeated one of the fastest aggrega-
tions that ever played hockey in the
west.

The line-up of the Thistles was al-
most completely changed from that of
last week. Four new men were on.
Harold Grady in goal, Arnold Johnson
on the wing, Powers, who played rover
and Lane at cover point.

Placing Grady in goal was a move
that helped in a great measure to
gain the victory for Edmonton. Last
night, Grady is only a lad of 16, but
he has shown he can hold his own
about as good as any goal-keeper that
ever came to Edmonton. He is an
aggressive player, and is clear headed
and quick. He was cheered time and
again by the crowds. He played a
marvellous game in the second half
when the shots flew thick and fast for
a few minutes towards his net. Grady
was good for them, though, and clear-
ed his goal every time, and when
Hampton got clear of the rest with
the rubber and made a swift and sure
shot on the nets, Grady stopped it as
clean as a whistle and the spectators
rose in their seats and broke loose.

Arnold Johnson was another man
that won credit for the Thistles. He
played last year on the team, and
his friends were glad to see him
back on the line-up last night. And
he will probably remain there. He is
a whirlwind on skates, and his bril-
liant rushes were a feature. He
checked Kent the fastest man on the
Strathcona seven, and played rings
around him.

Dobson on the left wing, surprised
everybody by the playing he doled out.
He played hockey from start to finish,
and played it fast and furious.

Deaton held down his new position
at centre, and played a great game.
He took kindly to the new job, and
invariably got the rubber from the
face-off.

Lane and Powers were the backbone
of the team. This was their first ap-
pearance on the line-up and they are
just what the Thistles needed to give
weight to the team. Lane is a strong
man at cover point, and he gave the
body-check to Kent and McArthur in
fancy style and Kent found that his
easy rushes on the side with the rub-
ber were a thing of the past so long
as Lane hangs out at cover point.

Powers played rover. He is an old
stick handler from the famous Quebec
seven, and it is easily imagined what
a brilliant showing he made.

Barford at point played a steady
game. He had a good reliable man
behind him in the flags, and he was
able to play out on the ice without
getting worried about any shots that
came along, he put up a great de-
fence game.

Kent, of Strathcona, in spite of the
fact that he had been laid up for a
few days, got in some of his fast work
on the wing. Hampton was also out,
although his ankle was rather weak.
Strathcona is playing the same old
combination for which they are fa-
mous, and their forwards put up a
strong fight last night. Their team
is exceedingly well balanced.

It was twenty-five minutes to nine
when the teams appeared on the ice
and received the usual cheers. Ref-
eree Benson called the boys together
and the play started at twenty-one
minutes. Deaton got the puck, but
Hampton got it away from him, and
passed it to McArthur, who shot.
Lane cleared. Deaton tried, but
Grady stopped. McArthur got the rub-
ber when it came back and shot. Bar-
ford clearing. Powers went to the
side and in a minute Deaton was off

again. The play was getting rough.
Kent shot, but Grady stopped, and Mc-
Kernan received the rubber and shot
from mid-ice, scoring.

Deaton rushed up from the face-off
and shot, but failed to score. Mc-
Kernan received the rubber and shot
afterwards Lane. Deaton carried the
rubber up and scored.

McArthur shot from the face-off,
but it came back again. Kent caught
a pass from Deaton, but was invited to
the fence for tripping. The Thistle
forwards carried the puck down with
a pretty combination play and Powers
scored with a shot from the side.

Arnold Johnson rushed off with the
rubber from the face-off, and shot. It
was stopped and there was a mix-up
in front of the flags, and Dobson suc-
ceeded in bating it into the net.

Dobson secured the rubber from
Deaton and shot. It was stopped and
McArthur tried a shot. Johnson caught
it, and tried a shot. Arnold Johnson
also made a try. Deaton and Johnson
rushed into the net and Deaton scored.

There was some delay while the goal
post, which had been knocked out of
place by the rush, was being fixed.
Johnson got away with the rubber
again. McKernan had a rest at the
face-off, and Kent shot. Johnson
again secured the puck and with a
fine combination brought it down with
Dobson and Deaton. Johnson passed to
Deaton, who shot, but it hit
the goal post. Johnson shot on a pass
from Dobson, but it was stopped. Lane
again went to the fence. Kent got
the puck and shot, but Barford clear-
ed. McArthur got two minutes at the
fence. Powers made a swift shot, but
it failed to enter, and McArthur took it
up, but half time was called. Score
4 to 1 for the Thistles.

END OF THE FIRST HALF

The second half was fast and
furious, but it was in Edmonton's
hands. Deaton, as usual, got the
puck from the face-off, but McKernan
robbed him. Ritchie and Hamp-
ton brought it down and Hampton
shot. It was wide and Johnson took
it up the side. McArthur had a
rest at the fence. Kent stole the
rubber from Powers, but Dobson
took it from him and shot. McKernan
and Powers both adorned the
fence for two minutes. Kent took
the block down, but Lane cleared.
The play was now around the This-
les goal and the shots were thick
and fast. Powers went to the fence
and also Lane. Ritchie shot, and was
stopped. Hampton shot, but Barford
sent the rubber away. McArthur played
a pretty combination by Johnson
and Dobson, and passed to McArthur,
who shot. Hampton got it and shot.
Deaton went to the fence. McAr-
thur, McKernan and Hampton all
shot in quick succession, but Grady
stopped them. Hampton scored in
two minutes.

Johnson got from face-off and car-
ried the puck up. Kent went to the
fence and Johnson scored in three
minutes. McArthur stopped a hot shot
from Dobson, and Kent went down
and shot. After a few minutes fast
play McKernan scored in four min-
utes.

Deaton got the block and with a
combination play with Johnson, sent
it in on one-half minute. This fin-
ished the scoring. Powers went to
the fence, and at the last Ritchie
and Hampton made a splendid com-
bination play and Hampton shot. It
was cleared by Barford and the time-
keepers' bell ended the game.

The line-up:

EDMONTON	STRATHCONA
Goal	Hampton
Point	McArthur
cover point	McKernan
rover	Hampton
centre	Ritchie
left	Kent
right	McArthur
Johnson	

Referee: R. Benson, Strathcona.

Judge of play: R. Burley, Edmon-

ton.

First Half.
1 Strathcona, McKernan, 10 min.
2 Edmonton, Deaton, 3 "
3 Edmonton, Powers, 2 "
4 Edmonton, Dobson, 1/2 "

Alberta Cafe

CELEBRATE THE NEW YEAR

by treating yourself and friends to
a glorious dinner at Alberta Cafe. We
have every conceivable delicacy, as
well as the most substantial of viands.
All lovers of good wholesome, well
cooked food know that our meals are
unrivalled for all that goes to make
a dinner a gastronomic delight. Our
table service is the best that skill and
experience can make it, and prices are
most reasonable.

Shell Oysters and Fresh
Lobsters at Alberta Cafe

R. B. CRONN

will please note that all
changes of advertisements
must be received by us
the day previous to in-
sertion.

LOCAL

—Band at the rink tonight.

—A slight flurry of snow fell this
morning.

—Alberta College Literary Society
meets tonight.

—The Liberal Association held their
annual meeting in the Young Liberal
club rooms tonight at 8 o'clock.

—The union meeting in connection
with the "week of prayer" will be
held in Grace Methodist church this
evening.

—The doctors and lawyers of the
city will play another game of hockey
at the Thistle rink tomorrow after-
noon. The puck will be faced at 4
o'clock.

—The last meeting of the week of
prayer will be held in Grace Metho-
dist church this evening at 8 o'clock.
The speakers will be Rev. C. H.
Heustis and Rev. T. T. Reikie, who
will deliver addresses on the subject
of schools and colleges.

—The parish social held in All
Saints school room last evening was
largely attended by members of the
congregation, a good many being
present. A very pleasant evening
was spent. Clarke's orchestra fur-
nished music, and refreshments were
served.

—A new institution in the city is
the Edmonton Messenger service.
J. W. Allen is the proprietor, and
the offices are over the Alberta Real
Estate offices. Messages are deliv-
ered to any part of the city and to
Strathcona.

—Johnston and Cotter, acting for J.
McMillan have taken an option on
lots 14 and 15, block 5 lying between
Fraser and Queen streets. All except
46 feet on Queen which Mr. McMillan
has already bought for \$1,500, and the
report is that the intending purchaser
calculates to put up a large block
facing the entire street frontage on
Fraser, Queens and Elizabeth streets.
The price could not be definitely learn-
ed but it is reported to be \$7,000. Mr.
McMillan is an Australian who has
already made considerable investments
in Edmonton realty.

PERSONAL

Miss Effie Beatty of Lacombe is vi-
siting in the city.

A. B. Moore, of Lloydminster, is re-
gistered at the Alberta.

J. R. Davis, of Calgary, is in the city,
registered at the Queens.

Miss Reily of Calgary is visiting at
the home of Mr. and Mrs. J. H. Gar-
iepy.

John Coulter and H. Campbell, of the
C.N.R., Winnipeg, are registered at
the Windsor.

J. D. Potts, inspector of school lands
went out on the C.N.R. this morning
for Vermilion.

Mrs. Mary Tariff returned yesterday
from a three months' trip to Mon-
treal, Winnipeg and the eastern pro-
vinces. She reports very cold weath-
er with lots of snow east of Win-
nipeg, but very pleasant through
the west.

THE DOLLAR-A-MINUTE WRESTLING MATCH

Everything now being ready and the
wrestlers being trained right up to the
hour, there is no room to doubt that
the match this evening in Robertson's
hall between Jack Curran and the two
local men will be a highly exciting
and largely attended affair. The
terms of the bout are such that there
cannot be any lost time and there cer-
tainly cannot be any suggestion of
"throwing off" on the part of either
party to the contest. The dollar-a-
minute is certainly a new basis on
which to arrange a wrestling match;
if it is not interesting enough, then
what would be? Curran cannot af-
ford to while away any fancy mo-
ments in stage work, with the time
keepers handing him out due bills at
the rate of a dollar every sixty sec-
onds, and Blatchford and Raemer will
not let anything go by default, where
there is as much as that to be won
by staying with the game. Then
there is that last minute "with
the 60 cents a second to be counted
on. If the game reaches that point,
which the indications are that it will,
it will be the most widely exciting
spasm that has been seen in these
parts for a long time.

SHILOH'S FREE DISTRIBUTION

In another column announcement
is made of a free distribution of
Shiloh's Consumption cure, the Lung
Tonic, to be held in Edmonton Fri-
day, January 12.

Readers of the Bulletin are doubt-
less aware that Shiloh's Cure has
been on the market for over thirty-
two years, and that nothing has ever
been offered that takes its place as
a family remedy for Coughs, Colds,
Hoarseness and all diseases of the air
passages.

More Shiloh's Cure is being sold
today than ever before, which is
perhaps the best evidence of the fact
that it does all that is claimed for it.

Any reader of the Bulletin, who
may for any reason be missed in the
house-to-house distribution today
may secure a free bottle by address-
ing

S. C. WELLS & CO., Le Roy, N. Y.

THE WEATHER.

Friday.

The maximum temperature in Ed-
monton for the 24 hours ending 8
a.m. today was 26, and the mini-
mum 10. Barometer 30.12.

For the weather the weather has
been clear and comparatively mild.
Forecast: Manitoba, Saskatchewan,
and Alberta, fine today and Friday.
Colder on Friday.

Thursday

—The weather has turned colder in
Manitoba and in the west. Through-
out Manitoba the thermometer regis-
tered several degrees below
zero. In Alberta it was moderately
cold.

Forecast: Manitoba and Saskatche-
wan, fair and moderately cold, light
local snow falls on Saturday. Al-
berta, some light local snowfalls, but
mostly fair, stationary or a little
higher temperature.

LOCAL MEN HOLD VALUABLE LIMITS.

A. Driscoll, D.L.S., returned on
Wednesday from Macleod river
country, where he has been survey-
ing timber limits for a syndicate of
Edmonton business men who be-
lieve, according to the report which
Mr. Driscoll brings down, that they
have one of the best timber propo-
sitions in the north district.

The berth which Mr. Driscoll has
just finished surveying comprises
15,320 acres of timber land on the
Eagle River, which flows into the
Athabasca river from the north
side about two miles above the
mouth of the McLeod river. The
berth was cruised in October, 1904,
by Mr. Goodwin, of Minnesota, who
is now a part owner in the prop-
erty, and was put up for tender about
a year ago, and bought in by the
present owners. The limit reaches
up the Eagle river in a strip about
three miles wide, covering 251 sec-
tions, almost all of which is heavily
timbered with the finest kind of
spruce. Two sections of the limit
have been close-cruised, and showed
24,000,000 feet on the two square
miles, which, estimating on a basis
of one-third of the cruiser's esti-
mate, would make the limit go 100,
000,000 feet. The report indicates
that the timber will go twenty
inches at the butt on an average,
and will scale three logs to the
thousand.

The local men, interested in the
limit are Crafts & Lee, Arthur Mo-
wat, Dr. Forin and D. W. Mc-
Donald.

The owners believe that the Grand
Trunk Pacific Railway when built
will come to within a mile of the
berth.

LAMONT STATION

Editor Bulletin:
This new townsite and station on
the Canadian Northern, forty miles
east of Edmonton, is fast becoming
the business centre of the Star dis-
trict, east, west, north and south for
built and the town-site decided up-
on, and almost everybody had got
into a brown study about it, our en-
ergetic neighbor, Mr. Fred Smith,
appeared on the spot with pick and
shovel, and had his well and large
cellar dug, preparatory to the erec-
tion of his buildings. Next he bought
the land on the 27th December last,
shipped the first car load of them
from these points direct to Calgary.
Now he is buying both wheat and
hogs to be loaded on the four cars on
the switch and shipped when ready.
In the meantime he has put up a
little cabin and placed a heater in
it for his own accommodation.
Through his kindness it is utilized by
the travelling public as a waiting
room. This privilege of shelter and
